CLAIMS — SERVICE UNSURPASSED — “We have time for you!” — Guarantee GOLD®

© In the event of loss whether large or small, our experienced and trained claims personnel take the time to learn about our clients, make the time to listen to what they have to say and then act upon their needs.

© The GOLD® CENTRE adjusters will handle or oversee every GOLD® claim.

© Our adjusters will take the guess work out of the claims process with complete explanations and instructions in order to ensure a smooth claims process.

© At the option of the insured we have professional vendors available who understand the high net worth clients needs and expectations.

© Our comprehensive policy wording allows us to make broad decisions that other insurers may not, such as the advantages of our single limit.

© The claims department has the flexibility, understanding and knowledge to ensure our clients are fully satisfied with our service; this is our GOLD® Guarantee.

© Conversense is our exclusive Web Based Claims Management System, with 24 hours access to all claims details for our brokers, vendors and adjusters.

© At The Guarantee Gold® Centre we understand that every insured is unique, every loss is unique, which makes the adjusting of every claim unique. Our adjusters look at each claim with fresh eyes and a caring and helpful attitude.

“We have time for you!”
